

WEB STORE AT JAMIE KENT GOES LIVE WITH INDY MUSIC SALES GOLD

AURORA, OR; Oct. 1, 2016 – Indy Music Technologies announced today that the Jamie Kent web site (www.jamiekent.com) went live with its new e-commerce web store using the Indy Music Gold platform. Jamie Kent is an award-winning Country/Americana song writer and performer based in Nashville.

The launch coordinates with the release of Jamie Kent’s newest album *All American Mutt*, which required not just sales capability in physical and digital format, but special product packaging (bundling) tied to the album release.

Indy Music Gold is “a flexible and highly configurable store option that matches my web site and with Nielsen reporting is just what I needed for a new album release” according to Jamie Kent.
